

BMX Racing World Championships

The first international body which organized the World Championships was the **I.BMX.F**:

The **International BMX Federation** was founded on 03.04.1981 in Pompano Beach USA. After a transition period of three years the I.BMX.F merged into the UCI on 01.01.1996.

Since 1985, the **FIAC** (at those times responsible sub-federation of the UCI for amateur cycling) contested World Championships too. 1991 - 1995 there were joint championships of FIAC and I.BMX.F, before the UCI took competence alone.
