

European Marathon Team Championships

The European Athletics upgraded the former European Marathon Team Cup to a European Championship beginning from 2022 onwards.

Since 1994, the former separate competition is held in conjunction with the marathon at the European Athletics Championships. The team ranking is calculated in different ways through the years:

1981 - 1988: adding the positions of the top 4 runners (1985 women: adding the times of the top 3 runners)

1994 - 2002: adding the times of the top 4 runners

2006 onwards: adding the times of the top 3 runners
