¹ For the first time the new rule introduced in 1999 was effective: In case of exchanged wins in two games a golden set had to be played regardless of the number of earned sets. Beginning from 2013/14, this rule was changed in the following way: The teams will earn points like in the League standings for the KO-matches too. So, for 3:0 or 3:1 win - three points will be awarded, for a 3:2 win - two points and for 2:3 loss - one point. Golden set will be played only when the two teams finish with equal points - three after two matches. If a team won the first match 3:0 or 3:1, in the second leg they would need two sets won to qualify without playing a golden set.
